July 2022

EXPERIENCE

Xtellus Capital Partners

Miami, FL

Summer Analyst

June 2024 – July 2024

- Estimated prices of sovereign bonds of 4 developing countries that were not yet issued using various methods
- Created written reports on the macroeconomic environment in 4 developing countries in Africa
- Conducted research on 12 start-up companies for Xtellus Ventures and wrote investment reports for my pitches
- Pitched startups to the venture team and argued my valuations and revenue projection figures

Maroon Capital

Chicago, IL

Quantitative Analyst

September 2022 – January 2024

- Led a team on the project to build and implement mean-reversion and momentum trading strategies
- Calculated Bollinger bands and RSI for CBOT Wheat Future(ZW=F) and successfully implemented them in the model
- Calculated price and volume moving averages for the CBOT Wheat Future (ZW=F) dataset
- Performed back-testing evaluations for both mean-reversion and momentum trading models

Arte Bunkering

Norwalk, CT

Credit Risk Summer Analyst

June 2023 – August 2023

- Conducted research on more than 160 vessel owners and fuel suppliers to prepare reports on the default risks
- Initiated creation of python scripts, which calculate desired metrics, which saved 10% of research time
- Presented the results to the team of traders to effectively communicate all the data to evaluate deals
- Conducted calls to the involved parties to find out why there was a default or delay
