Professional Summary

Results-driven .NET Developer with strong expertise in designing, developing, and maintaining web applications using C#, ASP.NET Core MVC, and SQL Server. Passionate about writing clean, maintainable code and optimizing user experiences. Skilled in both backend and frontend development, including HTML, CSS, JavaScript, and jQuery. Adept at working in collaborative team environments, contributing to high-quality solutions, and continuously learning new technologies. Currently **seeking a dynamic role to apply my skills and grow within a forward-thinking team.**

Technical Skills

- **Languages & Frameworks:** ASP.NET Core MVC, ASP.NET Web API, C#, Entity Framework, LINQ.
- **Databases**: SQL Server, MySQL
- **Web Technologies**: HTML5, CSS3, Bootstrap, JavaScript, jQuery
- **Development Tools**: Visual Studio, Git
- **Other**: SSIS, Razor, Telerik & Kendo UI Controls.

Professional Experience

.NET Web Application Developer
eFoodUSA, Inc. – Elgin, IL
September 20, 2013 – December 21, 2024.

- **Developed and maintained web applications** using ASP.NET Core MVC, ASP.NET Web API, C#, Entity Framework, LINQ and SQL Server
- **Built responsive, user-friendly interfaces**, using HTML, CSS, JavaScript, jQuery, and Bootstrap.
- **Integrated social media features** into a marketing application to enable content sharing, engagement tracking, and promotional campaigns across various platforms.
- **Modernized legacy application**, transitioning from other technologies to ASP.NET Core MVC, significantly improving application performance, scalability, and maintainability.
- **Optimized database performance** by refining queries and stored procedures, resulting in faster application load times and improved overall efficiency.
- **Collaborated with team** members to troubleshoot issues, review code, and enhance application security.
- **Maintained SSIS packages** to import and process customer data from text files, automating data transformation and seamless integration into SQL Server.

Environment ASP.Net Core MVC, ASP.NET Web API, C#, SQL Server, Entity Framework, Kendo UI Controls, HTML, CSS, JavaScript, jQuery, Bootstrap.

Web Developer (Earlier Roles)
Various Companies | **Previous Years**
- Worked on multiple web projects using ASP.NET Web Forms.
- Delivered e-commerce platforms, payment integrations, and content management features.

Education

Master of Business Administration (MBA) – Finance
Dublin Business School, Dublin, Ireland

Bachelor of Engineering (B.E.)
Sapthagiri College of Engineering, Tamil Nadu, India
